HEAR DAMAGE [illegible]

JURY RETURNS VERDICT FOR MAUD BIRD FOR $3,380

GRAND JURY GRINDS ON

Witnesses Are Still Being Examined and Others Waiting.—Verdict for Plaintiff in Daugherty Note Suit.

It having been reported last night that the grand jury had expected to finish their work this morning, witnesses were still being examined this afternoon and others waiting to be called. The jury has as yet made no report of findings to the court.

A jury in circuit court this morning returned a verdict for Maud Bird in a suit on contract, the action being against R. I. Bilby. The jury gave the plaintiff the full amount asked for, $3,380. The plaintiff in her petition claimed an oral contract with the defendant, following the death of her husband who was killed by the caving in of a trench while working on the Bilby farm, that payments of a certain sum monthly were to be paid until Mrs. Bird's minor child was of age. The plaintiff claimed the contract was broken and asked recovery in the sum stated. The jury stood eleven to one for the plaintiff. The jury was composed of Mart Young, A. A. Neuffer, Jas. Hantz, Robert Graham, O. S. Tudor, Jake Snodderly, Wilbur Hubbard, D. A. Appleby, Ed Busby, J. A. Ford, Mike Schoble and M. H. Brown.

The case of R. I. Bilby against I. E. Hersh, a suit in replevin of hogs is being heard this afternoon. The jury is composed of Mart Young, Robert Graham, O. S. Tudder, Jake Snodderly, Wilbur Hubbard, Hal Hooker, D. A. Appleby, James Smith, Preston Curnutt, N. Thull, Mark Heflin and Roy Strickler.

In the case of Curtis E. Gates, administrator, against Albert E. and Wm. Daugherty, in which the plaintiff sued to recover balance due on a note, the jury returned a verdict giving the plaintiff $315.

The suit of Young & Proctor against C. B. & Q. Ry., was announced settled and dismissed.

Emery B. Jenkins vs. John and F. P. Weddle, continued.

James L. McMullen vs. Levi and Cyrus A. Lyle, continued by agreement.

Nathan H. Thorp vs. Chicago Great Western R. R., continued by agreement.

FAREWELL TO PASTOR.

First Christian Congregation Hold Big Reception for Retiring Pastor.

Rev. C. Emerson Miller, the retiring pastor of the First Christian church, and Mrs. Miller were showered with the farewell good wishes of the congregation and their friends from all over the city, at a reception given last night in the church study hall. Mr. Miller and his wife leave next week for St. Louis, where Mr. Miller takes the pastorate of the First Christian church of that city. An informal program was given last night, including musical numbers by Mrs. Harry Todd, Miss Gertrude Wright, and Miss Doris Marie Goforth and speeches by various church officials and members expressing the regret of the body upon their pastor's departure and wishing him well in his new field.

Both Mr. and Mrs. Miller have been very popular with the people of their church and it is with the deepest regret that their personal relations are to be severed. The church to which Mr. Miller goes is one of the oldest and strongest memberships in St. Louis and the opportunities of work much greater. He carries with him into his new home the kindly wishes of the entire membership here.

A tenant house on the farm of Fred and John Barber near Skidmore, was partially destroyed by fire this morning. Mr. Lee, who occupied the house, and his family lost all of their clothing and a good part of their furniture.

CANCEL NEW RATES

TOLLS TO MISSOURI POINTS TO REMAIN SAME

STATE TO TEST NEW LAW

Asked to Join Indi ana in Injunction Proceedings in Effort to Prevent Higher Rates Going Into Effect.

Manager H. C. Todd, of the Hanamo Telephone Co., was advised yesterday that the new phone rates announced effective January 21 had been cancelled, except as to the toll rate to Kansas points, and the same old rates will apply to all Missouri points. While no reason was given for the annullment of the new rates, Manager Todd said that the action was doubless taken in anticipation of proposed injunction proceedings by the State Public Service Commission to prevent the higher rates from going into effect.

Jefferson City, Jan. 23.—It is deemed probable that the Missouri State Public Service Commission will join with the commission of Indiana in injunction proceedings in the Federal Court of the state to prevent Postmaster General Burleson from putting into effect higher rates for long distance telephone services. The Missouri Commission was asked by the Indiana commission to take such action. It is expected that Illinois and perhaps other states will pool their issues. The Indiana injunction proceedings are set for a hearing before Federal Judge Anderson January 28.

M.H.S. GIRLS TO PLAY PATTS.

Game Tomorrow Night at High School Gym Will Be Second of Season—In Practice for Event.

The girl's basket ball team of the Maryville high school will play the Pattonsburg five tomorrow night in the gym at the high school. The Pattonburg girls are said to have a strong team, but Miss Denny's players have been doing some hard work and will be ready for them. This will be the second game for the M. H. S. girls, the first game being with Hopkins last Saturday night when they were defeated. They promise to be able to tell a different story after their game with the Pats.

Dr. Bone to Cameron, Mo.

Dr. C. A. Bone, foremrly of Maryville, but now located at Macon where he has been house physician at the Still-Hildreth sanitarium, has resigned his position there and will move to Cameron, Mo., to make his home.

HARLAN DAVIS, 19, DEAD

Passed Away Yesterday in Hospital in St. Joseph—Body To Be Brought Home for Burial.

Harlan Davis, the son of Mr. and Mrs. Sam Davis of Skidmore, died yesterday at a hospital in St. Joseph. The body will be brought to his home for burial and is expected to arrive tomorrow. The young man was nineteen years old and is survived by his parents, a sister, Opal, and two brothers, Alvin and Melvin Davis.

PRECAUTION A GREAT THING.

But Imagination is a Better Preventative for Influenza.

The following at the expense of Frank Flynn, a son-in-law of Mr. and Mrs. Nick Sturm of this city, was printed in the Kansas City Star and is reprinted here so the young attorney's Maryville friends may share the joke:

J. Frank Flynn, attorney for the welfare board, being an attorney, realizes the importance of an "ounce of prevention" in avoiding the asperities of life. So when the influenza epidemic began to ravage the city, Flynn was among those who adopted the advice of physicians to drink soda water just before retiring each night. A dish was filled with the soda and placed in the family medicine cabinet.

"It all goes to show," Flynn remarked to his father, Matthew Flynn, former city comptreller, who was visiting with him, "what a little precaution will do. Let me give you a little soda tonight, it is a fine tonic."

The host mixed the tonic, which his father drank. A grimace, mingled with surprise, overspread the father's countenance.

"Hhat was that," he cried.

Investigation proved that the "soda" Flynn had drunk for two months was corn starch.

"It all goes to show what a little imagination will do," the elder Flynn remarked dryly.

MINNESOTA STOCK MAN HERE.

FIX INCOME TAXES

THE LAST REVISION HAS BEEN MADE BY CONFEREES

HEAVY LEVY ON WEALTH

A Sixty-Five Per Cent Tax Is Placed on Incomes in Excess of 1 Million Dollars

Wahington, Jan. 23.—Conferees on the new 2-Year War Revenue Bill have completed their work on the income tax section of the measure. The last revision of that important feature of the bill has been concluded. The last word has been said, except perhaps a few ineffectual protests when the conference report comes up for ratification in both houses.

It may therefore be definitely stated what the income tax will be when the American people must pay for the year 1918, and also for the year 1919 and thereafter, unless a Republican congress about to come into being should amend the pending law.

On incomes of individuals the tax is to be as follows:

For the calendar year 1918, 12 per cent of the amount of the net income in excess of the credit provided in Section 216; provided, that in the case of a citizen or resident of the United States the rate upon the first $4,000 of such amount shall be 6 per centum.

For each calendar year thereafter, 8 per cent of the amount of the net income in excess of the credits provided in Section 216; provided, that in the case of a citizen or resident of the United States the rate upon the first $4,000 of such amount shall be 4 per cent.

Hit the Large Incomes.

In addition to the above the surtaxes on large incomes range from 1 per cent on net incomes in excess of $5,000 and not in excess of $6,000, to 65 per cent on the income in excess of 1 million dollars.

Exemptions or credits under the law as affecting individuals shall be as follows:

"The amount received as dividends from a corporation which is taxable under this title upon its net income.

"The amount received as interest upon obligations of the United States and bonds issued by the war finance corporation which is included in gross income under Section 213.

"In the case of a single person, a personal exemption of $1,000, or in the case of the head of a family or married person living with husband or wife, a personal exemption of $2,000. A husband and wife living together shall receive but one personal exemption of $2,000 against their aggregate net income; and in case they make

DEATH OF MRS. OTIS PENCE

Young Mother Passed Away This Morning at Her Home in Clearmont.—No Funeral Arrangements Made.

Mrs. Otis Pence of Clearmont, died at nine o'clock this morning after a short illness of uremic poisoning.

Mrs Pence is the daughter of Mr. and Mrs. H. G. Donnell of College Spring, Ia. She was married to Mr. Pence in 1911. Besides her husband she is survived by an infant daughter born yesterday afternoon, her parents, and two brothers, Jesse Donnell of Broken Bow, Neb., and Schuyler Donnell of Clearmont. No arrangements have yet been made for the funeral.

TURN FROM BEER TO BUTTER

Many Breweries Will Convert Plants Into Food Concerns After Prohibition Becomes Effective.

New York, Jan. 23.—Now for bock butter and Pilsner malted milk.

Breweries of the United States will begin manufacturing dry commodities after prohibition grips the land next July, according to statements made today by representatives of the principal beer makers.

The huge Anheuser-Busch plant at St. Louis, for instance, will be converted into a packing establishment.

One big Kansas City brewery will pass into the hands of a Cleveland food products concern.

Several are to be converted into storage houses. Others will make ice cream, malted milk and dairy products. Only a few will produce soft drinks, as the brewers say the profit is too small. Many establishments plan to retain their employees in the new industries. So much money is tied up in the beer business that a determined effort must be made to continue to realize on the capital invested.

Several companies are planning to move out of the country. The South American field is being looked over by a Milwaukee firm.

CUT LYCEUM COURSE

BUT TWO NUMBERS WILL BE GIVEN THIS YEAR

THE FIRST ONE ON FEB. 4

The Orpheus Male Quartet Will Be Followed by a Lecture by Dr. Lincoln McConnell.

The Lyceum course for this season will consist of two numbers only instead of five as the course has presented in other years.

The course has been shortened because of the influenza epidemic and the impossibility of having large gatherings earlier in the season. The two numbers to be given next month were contracted for before the epidemic started and they are two of the most popular numbers of the course.

The first is the Orpheus Male Quartet, to be given on the night of February 4, and the second will be a lecture by Dr. Lincoln O'Connell on February 25. Both numbers will be given at the First Christian church. Season tickets for both numbers will be $1, and students tickets will be 50 cents for both.

The Orpheus Qurtet is from the Orpheus club of Los Angeles, Cal., and is composed of four musical artists worthy of rank with any singing organization in the world. The press and personal tributes are of the highest.

STRIKES IN YORKSHIRE.

London, Jan. 23.—All mines in the great coal field of Yorkshire are idle today as the result of a general strike. The engineering and ship building strike which began at Lovestoft spread to Brecles today. The men are demanding forty-four hours a week. Bakers are threatening a national strike to protest against night work.

EICHORN HAS BEEN LOCATED.

Copenhagen, Jan. 23.—Robert Eichorn, former Bolshevist chief of police, has been found in his home in Berlin, which is now surrounded by soldiers, said a dispatch from that city today. Eichorn was elected to the German national assembly in the recent election.

A WILSON VICTORY

PRESIDENT WINS IN FIGHT TO MAKE POLAND FREE

FATE OF EX-KAISER UP

Fixing Responsibility of Authors of War and Imposition of Penalties Will Be Amogn First Questions.

Paris, Jan. 23—Announcement by the supreme inter-allied war council that an economic and military mission would be sent into Poland was considered today as preliminary to a speedy realization of one of President Wilson's fourteen principles for the creation of a free and independent Poland. President Wilson emerges from the first few days of the conference with representatives of the "big five" powers with a striking victory and he will enter the actual peace conference with an equal chance of success on the question of the League of Nations. The next preliminary session of the conference will be held Saturday when there will be a discussion of the League of Nations.

The responsibility of the authors of the war and the penalties that may be imposed will be among the first questions conisdered when the plenary session of the conference meets again Saturday, it was revealed by the official communique issued today. This evidently refers to the former German kaiser and is an indication that swift steps will be taken to bring him to trial.

Sazanoff, representing most of the anti-Bolshevist governments in Russia announced today he would not take part in the Russo-allied peace conference on Prince Edward Island in the Sea of Marmora on February 15. He explained that the non-Bolshevist governments of Russia would not participate in a conference because Bolsheviki government would be represented. He termed the Bolsheviki outlaws.

GIVES OFFICIAL NOTICE

Missouri Notifies Federal Government of Ratification of Dry Amendment.—Drop Beer Inspector.

Jefferson City, Mo., Jan. 23.—Secretary of State Sullivan has received an official communication from Secretary Robert Lansing of the State Department to the effect that he was in official possession of the action of the Missouri Legislature last Thursday in ratifying the Federal prohibition amendment.

A bill is being prepared at the direction of Governor Gardner to abolish the State Beer Inspection department and substitute for the state beer inspector an official to be known as state beverage inspector. Federal prohibition and war measures have put an end to the manufacture and inspection of beer. The head of the beer inspection department receives $3,000 a year, a deputy and a bookkeeper $2,000 each, two clerks $2,000 each, several clerks $1,500 each and one clerk $1,200. The beverage inspector's duty would be to look after the collection of fees from soft drinks. In the past these fees have amounted to some $35,000 a year.

Claypool Gets New Job.

E. M. Claypool, former secretary of the Maryville Commercial Club, has resigned his position as editor of the Watchman-Advocate at Clayton, Mo., to become publicity manager for the Jefferson Highway, going to his new position February 1.

"Wolf in sheep's clothing" is the term applied to a person who conceals vicious, unscrupulous or destructive impulses or intentions under an attractive exterior, derived from an old fable.

Forum-ettes

Secretary of the Interior Lane says there are 7,000,000 illiterate persons in this country, and at that lots of them have made their mark.

Did you know there is trouble in Paramakkapol and in the suburb of Kadi Keui? Well, there is. Depend on the Democrat-Forum to keep you posted.

When Doc Stinson was up to Kay See this week he got in an elevator in one of the tall buildings and rode up and down until they chased him off the place. He says it was just about as good as a merry-go-round, except that he missed the music considerable.

It's just no use talking—no married man can carry an umbrella as carefully over his own wife as he can over the wife of another man.

The sedate women can just keep on howling their heads off about it, but the fact remains that the girl who has that kind of shape is going to keep on wearing that kind of clothes.

The telegraph ascribes to Mrs. Woodrow Wilson the sentiment that she likes the English people, but she "simply adores the French." And why not? The English papers said of sister Wilson that she "looked motherly," but the French papers described her as "a lovely and gracious wonan." Can you blame Sister Wilson? ? ?

If mother Eve lived in Maryville where apples are ten cents apiece—well we, her progeny, would probably be today still rambling round with nothing on but a fig leaf and the price of clothing would not be worrying us.

You can't get a married man to acknowledge that 2 is a lucky number.

Well, isn't it about time for some Maryville man to announce that "his friends" have persuaded him to run for the office of city commissioner?

One tough job that the new commissioners will have wished on them is the water works. Here's hoping for the best.

We would also likt the present address of the old fashioned man who entertained the kids by pulling his knuckles until they cracked.

A man died in Pittsburb, Kansas, the other day and the papers said "he hadn't an enemy in town, where he had lived 42 years." We'd hate to die and have that said about us. A man who can live that number of years in a town and not make a few 8-cylinder, 15-jeweled, enemies must be a mighty spineless cuss.

Baby Coming To Your Home?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little mite, which is of your flesh and blood, with feelings of misgiving?

Now is the time to get in condition to meet the crisis, and three generations of women have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their systems to withstand the shock.

The action of this famous remedy is to relieve tension on drawn nerves, cords, tendons and ligaments, to relieve strain and discomforts, such as nausea, nervousness, bearing-down and stretching pains. By regular use during the period the muscles expand easily when baby is born; pain and danger at the crisis is naturally less and the hours are fewer. Do not neglect the use of Mother's Friend. It is for external application only, is absolutely safe and wonderfully effective.

Write the Bradfield Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store. It is just as standard as anything you can think of.

PRINCE ALBERT

the national joy smoke

YOU can't help cutting loose joy'us remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttle full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. *That's because it has the quality.*

Quick as you know Prince Albert you'll write it down that P. A. *did not* bite your tongue or parch your throat. *And, it never will!* For, our exclusive patented process cuts out bite and parch. Try it for what ails *your* tongue!

Toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

Guenther-Hengggler.

The marriage of Miss Josephine Guenther, the youngest daughter of Mr. and Mrs. T. Guenther, living southeast of Conception, and Mr. Adelrick Henggler, of Clyde, took place at eight o'clock Tuesday morning at the Immaculate Conception church. The ceremony was performed by the Rev. Father Placid, O. S. B. The bride wore a beautiful gown of white satin with gold thread and silk maline trimmings. Her bridal veil was secured with a wreath of orange blossoms and her bouquet was a shower of brides roses and asparagus fern. Miss Marie Henggler, a sister of the bridegroom, acted as bridesmaid and her gown was one of royal blue satin embroidered in white and she carried a bouquet of sweet peas and ferns. Raymond King served as best man. Following the ceremony a reception was given at the home of the bride's parents for the relatives only. Mr. and Mrs. Henggler will make their home on the groom's farm, east of Clyde.

The Schools Once More.

There are in Missouri 111,000 illiterates, three-fourths of them native-born Americans and only one-fourth "ignorant foreigners."

There are communities which can justly charge their undue illiteracy to immigration, but Missouri cannot, as the figures just given prove. Illiteracy in this State is a Missouri problem created by Missouri. It is a Missouri shame.

Is there any excuse for it? Absolutely not a shadow of an excuse. The State is rich and proud of its riches. The State is stocked with the best blood of the nation and its men are leaders in the nation. Therefore, Missouri illiteracy is not due to any lack of quality in our citizens.

The fact is that Missouri's humiliating showing in the matter of education is due to widespread indifference, parsimony, and bad management. And these same delinquencies are the cause of poor schools, underpaid teachers, short terms, inefficient school laws and a state full of children who have been to school a few months, but have learned next to nothing.

The responsibility is shared alike by all of the communities, little and big, rich and poor. The rich communities, where the shools are good, ought to think more of the problem as a State problem and ought to be more liberal in helping the parts of the State where money is scarce and hard to get. The rural communities, where teachers have to live on starvation wages, and school authorities think the only good school is a cheap school, ought to brace up.

Governor Gardner suggests a plan in his annual message for lifting the schools at least a little higher by estabishing minimum requirements for country schools which would compel them to have the equipment necessary to teach children properly. If this minimum requirement should be beyond the means of the weakest districts, then the State would grant special aid. This means that the richer parts of the State would help the poorer ones and that the poorer would be compelled to reach at least tolerable standards in the matter of equipment.

In the children's code are other suggestions for bettering the schools.

Under the law which permits short school years and allows the parents to keep their children out of school one full term in a year, the compulsory attendance law is ineffective. It is weakened still further by the law which permits parents to plead poverty when their children are ordered to go to school, and also by the law that gives a slacker parent ten days in which to respond to a notice that his child is not attending school. The net result of these weak and half-hearted measures is that the children of ignorant and indifferent parents can be kept out of school to such an extent that they grow up without enough training to write a decent letter or read anything more difficult than a handbill.

CUT YOUR SHOE BILLS WITH NEOLIN SOLES

"The answer to the problem of shoe wear lies in the use of Neolin Soles"—so says H. L. Evans of Steubenville, Ohio.

"For five months," says Mr. Evans, "I have been wearing the same pair of Neolin-soled shoes at my work at the La Belle Iron Works and they are good for two months more wear. As my work takes me to all parts of the mill daily where I have to walk over cinders, slag, etc., it is simply out of the question to buy anything else to take the place of Neolin Soles."

You too—and your whole family—will find Neolin-soled shoes wear long and so save money. You can get them in the styles you like at almost any good shoe store. And any repairman will re-sole your worn shoes with Neolin Soles—scientifically made to be durable, comfortable and waterproof. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

What Big Men Say

Sometimes it's just bunk—and sometimes it's the real goods, as in the remarkable series of interviews by Henry Irving Dodge, just starting in

The COUNTRY GENTLEMAN

"What have you to do with the cost of living?" Mr. Dodge asked Secretary of Interior Lane; Swift, the Chicago meat packer; Gentry, the Missouri breeder of champion Berkshire hogs; McCormick, the maker of farm implements; a big railroad president; a great Wall Street financier; and several others of like importance in our national life.

What such men say is worth dollars and cents to every one of us—farmer, banker, merchant, housewife. Yet these remarkable interviews are just one feature in a year's subscription to THE COUNTRY GENTLEMAN—52 big issues, each as hardheaded as the best farmer you know—and all for $1. Every article in every number gets right down to potatoes and pigs. If you want help with *your* problems—in the kitchen, the toolshed, the barnyard, the truck garden, the field, or in marketing your produce—you should have THE COUNTRY GENTLEMAN.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

It Pays to Read Advertisements

You've often heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements—pays you. If you read advertisements consistently for any length of time you will agree that this statement is also true.

It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods "as advertised." You have a right to expect satisfaction from what you buy and you get it.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't you want to save money and time?

Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Tnen read the advertisements and patronize the stores which can serve you best.

URGES CHURCHES TO UNITE.

Mission Work Should be Under One Head, Los Angeles Paper Says.

The Methodists want to raise 115 million dollars for foreign missions. That is more than a collection—it is a regular drive, and a hard drive at that. A great many people now are urging a universal federation of the churches after the manner of the proposed League of Nations. As Hall Caine says, it would keep the faith of the world just as the League of Nations would keep the peace.

The field of foreign missions might well be under the control of the general federation and thus prevent the missionaries of what are now rival denominations from stepping on one another's feet. The creed barriers between the churches are wearing so thin as to be transparent and there is no crying reason why two Christian denominations should be sending representatives to the same Chinese village. The world ought really to be able to get together for God without much of a quarrel, although it has thus far been impossible.—Los Angeles Times.

Making It Legal.

If a man were to give another an orange he would simply say: "I give you this orange." But when the transaction is intrusted to a lawyer to put in writing, says the Chicago News, he adopts this form: "I herewith give and convey to you, all and singular, my state and interests, right, title, claim and advantages of and in said orange, togther with all its rind, juice, pulp and pips, and all rights and advantages therein, with full power to bite, cut, suck and otherwise eat the same or give the same away with or without the rind, skin, juice, pulp or pips, anything hereinbefore or hereinafter or in any other deed or deeds, instrument or intsruments of whatever nature or kind soever to the contrary in any wise notwithstanding."

After another enforced vacation of two Sundays on account of the "flu," during which time the pastor and family, along with many others, suffered from the "pesky" disease, we will endeavor to take up active work again next Sunday. Services as follows: At 11 o'clock a. m., Pickering and at 7.30 o'clock p m at Myrtle Tree.

We are also very sorry to announce that the revival meetings which were to begin February 3rd, with the Goodale Bros., evangelists, have been indefinitely postponed on account of the flu.

MISSOURI'S NEED

FOR CONSTITUTION EVIDENCED BY MANY EFFORTS AT CHANGE

SMALL NUMBER ADOPTED

In 45 Years 86 Amendments Have Been Submitted to People, Only 23 of Which Were Adopted.

Arguments for a new Constitution for Missouri are greatly strengthened by a survey of the efforts to amend the present Constitution. During the 43 years of its existence 87 amendments have been submitted to the people, 23 of which were adopted and 63 rejected. It does not necessarily follow that every amendment that has been submitted should have been made a part of the Constitution. Undoubtedly some of those that were rejected would have worked mischief had they been adopted. But the mere fact that so large a number of amendments have been proposed seems to indicate that the present Constitution has been deemed more or less inadequate, and the further fact that only one-fourth of these proposed amendments have been adopted suggests that considerable inadequacy still exists.

Table of Amendments.

The following table shows the number of amendments that have been submitted, the number adopted and the number rejected:

Year	Amendments Submitted.	Number Adopted.	Number Rejected
1878	1	0	1
1880	0	0	0
1882	1	0	1
1884	2	1	1
1886	1	0	1
1888	0	0	0
1890	1	1	0
1892	1	1	0
1894	2	0	2
1896	4	0	4
1898	0	0	0
1900	7	7	0
1902	8	8	0
1904	5	0	5
1906	2	2	0
1908	8	2	6
1910	11	0	11
1912	9	0	9
1914	11	0	11
1916	3	1	2
1918	9	0	9
Totals	86	23	63

From this table it will be seen that constitutional amendments have been submitted at every biennial election since 1875, excepting at the elections of 1880, 1888 nd 1892.

It will also be seen that during the first two decades only 13 amendments were submitted, five between the years 1878 and 1888 and eight between the years 1888 and 1898. Evidently the constitution was deemed to be working satisfactorily during that time.

But durnig the next two decades 73 were submitted, 30 between the years 1898 and 1908 and 43 between 1909 and 1918. Evidently the Constitution has not been working very satisfactorily during the last 20 years. This is particularly true of the last 10 years, when the 43 amendments submitted equaled just one-half of the entire number that have been submitted since the adoption of the Constitution in 1875.

Only One Adopted.

The most striking fact revealed by this table is the rejection of all the 43 amendments submitted during the last decade excepting one. This was the amendment adopted in 1916, authorizing pensions for the blind. The regularity with which amendments have been rejected since 1908 is largely due to the fact that in that year the iniative petition method of getting amendments before the people was adopted, and since then several amendments have been submitted at every biennial election through this method. Unfortunately one of these amendments has been very offensive to the majority of the people, and in their determination to defeat this particular amendment they voted blindly against every one that was submitted. In 1910 the amendment that dragged all the other amendments down to defeat was the one on prohibition; in 1912 it was single tax, in 1914 woman's suffrage; in 1916 prohibition; in 1918 single tax. All these proposed amendments got before the people through the initiative petition. It is true that in 1918 the big issue was prohibition, which had been submitted by the Legislature, but the single tax amendment which was submitted through the initative petition, had its weight in defeating all the other amendments.

Now that the prohibition issue has been removed from State politics by the adoption of the national constitutional amendment, there is less likelihood of indiscriminate voting against all amendments than heretofore. But the mere fact that 43 amendments have been proposed in the last 10 years would indicate that a revision of the Constitution by the amendment method would result in mere patchwork. The entire fabric needs revision, and that can be done only by a constitutional convention. Let us have one in 1919.

NEW TREATMENT THAT KNOCKS RHEMATISM

75c a box free to any sufferer

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatment have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

F. H. Delano, 1016-A Wood Bldg., Syracuse, N. Y. I can send only one Free Package to an address.

JURY RETURNS VERDICT FOR MAUD BIRD FOR $3,380

GRAND JURY GRINDS ON

Witnesses Are Still Being Examined and Others Waiting.—Verdict for Plaintiff in Daugherty Note Suit.

It having been reported last night that the grand jury had expected to finish their work this morning, witnesses were still being examined this afternoon and others waiting to be called. The jury has as yet made no report of findings to the court.

A jury in circuit court this morning returned a verdict for Maud Bird in a suit on contract, the action being against R. I. Bilby. The jury gave the plaintiff the full amount asked for, $3,380. The plaintiff in her petition claimed an oral contract with the defendant, following the death of her husband who was killed by the caving in of a trench while working on the Bilby farm, that payments of a certain sum monthly were to be paid until Mrs. Bird's minor child was of age. The plaintiff claimed the contract was broken and asked recovery in the sum stated. The jury stood eleven to one for the plaintiff. The jury was composed of Mart Young, A. A. Neuffer, Jas. Hantz, Robert Graham, O. S. Tudor, Jake Snodderly, Wilbur Hubbard, D. A. Appleby, Ed Busby, J. A. Ford, Mike Schoble and M. H. Brown.

The case of R. I. Bilby against I. E. Hersh, a suit in replevin of hogs is being heard this afternoon. The jury is composed of Mart Young, Robert Graham, O. S. Tudder, Jake Snodderly, Wilbur Hubbard, Hal Hooker, D. A. Appleby, James Smith, Preston Curnutt, N. Thull, Mark Heflin and Roy Strickler.

In the case of Curtis E. Gates, administrator, against Albert E. and Wm. Daugherty, in which the plaintiff sued to recover balance due on a note, the jury returned a verdict giving the plaintiff $315.

The suit of Young & Proctor against C. B. & Q. Ry., was announced settled and dismissed.

FAREWELL TO PASTOR.

First Christian Congregation Hold Big Reception for Retiring Pastor.

Rev. C. Emerson Miller, the retiring pastor of the First Christian church, and Mrs. Miller were showered with the farewell good wishes of the congregation and their friends from all over the city, at a reception given last night in the church study hall. Mr. Miller and his wife leave next week for St. Louis, where Mr. Miller takes the pastorate of the First Christian church of that city. An informal program was given last night, including musical numbers by Mrs. Harry Todd, Miss Gertrude Wright, and Miss Doris Marie Goforth and speeches by various church officials and members expressing the regret of the body upon their pastor's departure and wishing him well in his new field.

Both Mr. and Mrs. Miller have been very popular with the people of their church and it is with the deepest regret that their personal relations are to be severed. The church to which Mr. Miller goes is one of the oldest and strongest memberships in St. Louis and the opportunities of work much greater. He carries with him into his new home the kindly wishes of the entire membership here.

A tenant house on the farm of Fred and John Barber near Skidmore, was partially destroyed by fire this morning. Mr. Lee, who occupied the house, and his family lost all of their clothing and a good part of their furniture.

CANCEL NEW RATES

TOLLS TO MISSOURI POINTS TO REMAIN SAME

STATE TO TEST NEW LAW

Asked to Join Indi ana in Injunction Proceedings in Effort to Prevent Higher Rates Going Into Effect.

Manager H. C. Todd, of the Hanamo Telephone Co., was advised yesterday that the new phone rates announced effective January 21 had been cancelled, except as to the toll rate to Kansas points, and the same old rates will apply to all Missouri points. While no reason was given for the annullment of the new rates, Manager Todd said that the action was doubless taken in anticipation of proposed injunction proceedings by the State Public Service Commission to prevent the higher rates from going into effect.

Jefferson City, Jan. 23.—It is deemed probable that the Missouri State Public Service Commission will join with the commission of Indiana in injunction proceedings in the Federal Court of the state to prevent Postmaster General Burleson from putting into effect higher rates for long distance telephone services. The Missouri Commission was asked by the Indiana commission to take such action. It is expected that Illinois and perhaps other states will pool their issues. The Indiana injunction proceedings are set for a hearing before Federal Judge Anderson January 28.

HARLAN DAVIS, 19, DEAD

Passed Away Yesterday in Hospital in St. Joseph—Body To Be Brought Home for Burial.

Harlan Davis, the son of Mr. and Mrs. Sam Davis of Skidmore, died yesterday at a hospital in St. Joseph. The body will be brought to his home for burial and is expected to arrive tomorrow. The young man was nineteen years old and is survived by his parents, a sister, Opal, and two brothers, Alvin and Melvin Davis.

PRECAUTION A GREAT THING.

But Imagination is a Better Preventative for Influenza.

The following at the expense of Frank Flynn, a son-in-law of Mr. and Mrs. Nick Sturm of this city, was printed in the Kansas City Star and is reprinted here so the young attorney's Maryville friends may share the joke:

J. Frank Flynn, attorney for the welfare board, being an attorney, realizes the importance of an "ounce of prevention" in avoiding the asperities of [illegible] when the influenza epidemic began to ravage the city, Flynn was among those who adopted the advice of physicians to drink soda water just before retiring each night. A dish was filled with the soda and placed in the family medicine cabinet.

"It all goes to show," Flynn remarked to his father, Matthew Flynn, former city comptroller, who was visiting with him, "what a little precaution will do. Let me give you a little soda tonight, it is a fine tonic."

The host mixed the tonic, which his father drank. A grimace, mingled with surprise, overspread the father's countenance.

"Hhat was that," he cried.

Investigation proved that the "soda" Flynn had drunk for two months was corn starch.

"It all goes to show what a little imagination will do," the elder Flynn remarked dryly.

FIX INCOME TAXES

THE LAST REVISION HAS BEEN MADE BY CONFEREES

HEAVY LEVY ON WEALTH

A Sixty-Five Per Cent Tax Is Placed on Incomes in Excess of 1 Million Dollars

Wahington, Jan. 23.—Conferees on the new 2-Year War Revenue Bill have completed their work on the income tax section of the measure. The last revision of that important feature of the bill has been concluded. The last word has been said, except perhaps a few ineffectual protests when the conference report comes up for ratification in both houses.

It may therefore be definitely stated what the income tax will be when the American people must pay for the year 1918, and also for the year 1919 and thereafter, unless a Republican congress about to come into being should amend the pending law.

On incomes of individuals the tax is to be as follows:

For the calendar year 1918, 12 per cent of the amount of the net income in excess of the credit provided in Section 216; provided, that in the case of a citizen or resident of the United States the rate upon the first $4,000 of such amount shall be 6 per centum.

For each calendar year thereafter, 8 per cent of the amount of the net income in excess of the credits provided in Section 216; provided, that in the case of a citizen or resident of the United States the rate upon the first $4,000 of such amount shall be 4 per cent.

Hit the Large Incomes.

In addition to the above the surtaxes on large incomes range from 1 per cent on net incomes in excess of $5,000 and not in excess of $6,000, to 65 per cent on the income in excess of 1 million dollars.

Exemptions or credits under the law as affecting individuals shall be as follows:

"The amount received as dividends from a corporation which is taxable under this title upon its net income.

"The amount received as interest upon obligations of the United States and bonds issued by the war finance corporation which is included in gross income under Section 213.

"In the case of a single person, a personal exemption of $1,000, or in the case of the head of a family or married person living with husband or wife, a personal exemption of $2,000. A husband and wife living together shall receive but one personal exemption of $2,000 against their aggregate net income; and in case they make

DEATH OF MRS. OTIS PENCE

Young Mother Passed Away This Morning at Her Home in Clearmont.—No Funeral Arrangements Made.

Mrs. Otis Pence of Clearmont, died at nine o'clock this morning after a short illness of uremic poisoning.

Mrs Pence is the daughter of Mr. and Mrs. H. G. Donnell of College Spring, Ia. She was married to Mr. Pence in 1911. Besides her husband she is survived by an infant daughter born yesterday afternoon, her parents, and two brothers, Jesse Donnell of Broken Bow, Neb., and Schuyler Donnell of Clearmont. No arrangements have yet been made for the funeral.

TURN FROM BEER TO BUTTER

Many Breweries Will Convert Plants Into Food Concerns After Prohibition Becomes Effective.

New York, Jan. 23.—Now for bock butter and Pilsner malted milk.

Breweries of the United States will begin manufacturing dry commodities after prohibition grips the land next July, according to statements made today by representatives of the principal beer makers.

The huge Anheuser-Busch plant at St. Louis, for instance, will be converted into a packing establishment.

One big Kansas City brewery will pass into the hands of a Cleveland food products concern.

Several are to be converted into storage houses. Others will make ice cream, malted milk and dairy products. Only a few will produce soft drinks, as the brewers say the profit is too small. Many establishments plan to retain their employees in the new industries. So much money is tied up in the beer business that a determined effort must be made to continue to realize on the capital invested.

Several companies are planning to move out of the country. The South American field is being looked over by a Milwaukee firm.

CUT LYCEUM COURSE

BUT TWO NUMBERS WILL BE GIVEN THIS YEAR

THE FIRST ONE ON FEB. 4

The Orpheus Male Quartet Will Be Followed by a Lecture by Dr. Lincoln McConnell.

The Lyceum course for this season will consist of two numbers only instead of five as the course has presented in other years.

The course has been shortened because of the influenza epidemic and the impossibility of having large gatherings earlier in the season. The two numbers to be given next month were contracted for before the epidemic started and they are two of the most popular numbers of the course.

The first is the Orpheus Male Quartet, to be given on the night of February 4, and the second will be a lecture by Dr. Lincoln O'Connell on February 25. Both numbers will be given at the First Christian church. Season tickets for both numbers will be $1, and students tickets will be 50 cents for both.

The Orpheus Qurtet is from the Orpheus club of Los Angeles, Cal., and is composed of four musical artists worthy of rank with any singing organization in the world. The press and personal tributes are of the highest.

STRIKES IN YORKSHIRE.

London, Jan. 23.—All mines in the great coal field of Yorkshire are idle today as the result of a general strike. The engineering and ship building strike which began at Lovestoft spread to Brecles today. The men are demanding forty-four hours a week. Bakers are threatening a national strike to protest against night work.

EICHORN HAS BEEN LOCATED.

Copenhagen, Jan. 23.—Robert Eichorn, former Bolshevist chief of police, has been found in his home in Berlin, which is now surrounded by soldiers, said a dispatch from that city today. Eichorn was elected to the German national assembly in the recent election.

A WILSON VICTORY

PRESIDENT WINS IN FIGHT TO MAKE POLAND FREE

FATE OF EX-KAISER UP

Fixing Responsibility of Authors of War and Imposition of Penalties Will Be Amogn First Questions.

Paris, Jan. 23—Announcement by the supreme inter-allied war council that an economic and military mission would be sent into Poland was considered today as preliminary to a speedy realization of one of President Wilson's fourteen principles for the creation of a free and independent Poland. President Wilson emerges from the first few days of the conference with representatives of the "big five" powers with a striking victory and he will enter the actual peace conference with an equal chance of success on the question of the League of Nations. The next preliminary session of the conference will be held Saturday when there will be a discussion of the League of Nations.

The responsibility of the authors of the war and the penalties that may be imposed will be among the first questions considered when the plenary session of the conference meets again Saturday, it was revealed by the official communique issued today. This evidently refers to the former German kaiser and is an indication that swift steps will be taken to bring him to trial.

Sazanoff, representing most of the anti-Bolshevist governments in Russia announced today he would not take part in the Russo-allied peace conference on Prince Edward Island in the Sea of Marmora on February 15. He explained that the non-Bolshevist governments of Russia would not participate in a conference because Bolshevikt government would be represented. He termed the Bolsheviki outlaws.

GIVES OFFICIAL NOTICE

Missouri Notifies Federal Government of Ratification of Dry Amendment.—Drop Beer Inspector.

Jefferson City, Mo., Jan. 23.—Secretary of State Sullivan has received an official communication from Secretary Robert Lansing of the State Department to the effect that he was in official possession of the action of the Missouri Legislature last Thursday in ratifying the Federal prohibition amendment.

A bill is being prepared at the direction of Governor Gardner to abolish the State Beer Inspection department and substitute for the state beer inspector an official to be known as state beverage inspector. Federal prohibition and war measures have put an end to the manufacture and inspection of beer. The head of the beer inspection department receives $3,000 a year, a deputy and a bookkeeper $2,000 each, two clerks $2,000 each, several clerks $1,500 each and one clerk $1,200. The beverage inspector's duty would be to look after the collection of fees from soft drinks. In the past these fees have amounted to some $35,000 a year.

Forum-ettes

Secretary of the Interior Lane says there are 7,000,000 illiterate persons in this country, and at that lots of them have made their mark.

Did you know there is trouble in Paramakkapol and in the suburb of Kadi Keui? Well, there is. Depend on the Democrat-Forum to keep you posted.

When Doc Stinson was up to Kay See this week he got in an elevator in one of the tall buildings and rode up and down until they chased him off the place. He says it was just about as good as a merry-go-round, except that he missed the music considerable.

It's just no use talking—no married man can carry an umbrella as carefully over his own wife as he can over the wife of another man.

The sedate women can just keep on howling their heads off about it, but the fact remains that the girl who has that kind of shape is going to keep on wearing that kind of clothes.

The telegraph ascribes to Mrs. Woodrow Wilson the sentiment that she likes the English people, but she "simply adores the French." And why not? The English papers said of sister Wilson that she "looked motherly," but the French papers described her as "a lovely and gracious wonan." Can you blame Sister Wilson? ? ?

If mother Eve lived in Maryville where apples are ten cents apiece—well we, her progeny, would probably be today still rambling round with nothing on but a fig leaf and the price of clothing would not be worrying us.

You can't get a married man to acknowledge that 2 is a lucky number.

Well, isn't it about time for some Maryville man to announce that "his friends" have persuaded him to run for the office of city commissioner?

One tough job that the new commissioners will have wished on them is the water works. Here's hoping for the best.

We would also likt the present address of the old fashioned man who entertained the kids by pulling his knuckles until they cracked.

A man died in Pittsburb, Kansas, the other day and the papers said "he hadn't an enemy in town, where he had lived 42 years." We'd hate to die and have that said about us. A man who can live that number of years in a town and not make a few 8-cylinder, 15-jeweled, enemies must be a mighty spineless cuss.

Baby Coming To Your Home?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little mite, which is of your flesh and blood, with feelings of misgiving?

Now is the time to get in condition to meet the crisis, and three generations of women have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their systems to withstand the shock.

The action of this famous remedy is to relieve tension on drawn nerves, cords, tendons and ligaments, to relieve strain and discomforts, such as nausea, nervousness, bearing-down and stretching pains. By regular use during the period the muscles expand easily when baby is born; pain and danger at the crisis is naturally less and the hours are fewer. Do not neglect the use of Mother's Friend. It is for external application only, is absolutely safe and wonderfully effective.

Write the Bradfield Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store. It is just as standard as anything you can think of.

immigration, but Missouri cannot, as the figures just given prove. Illiteracy in this State is a Missouri problem created by Missouri. It is a Missouri shame.

Is there any excuse for it? Absolutely not a shadow of an excuse. The State is rich and proud of its riches. The State is stocked with the best blood of the nation and its men are leaders in the nation. Therefore, Missouri illiteracy is not due to any lack of quality in our citizens.

The fact is that Missouri's humiliating showing in the matter of education is due to widespread indifference, parsimony, and bad management. And these same delinquencies are the cause of poor schools, underpaid teachers, short terms, inefficient school laws and a state full of children who have been to school a few months, but have learned next to nothing.

The responsibility is shared alike by all of the communities, little and big, rich and poor. The rich communities, where the shools are good, ought to think more of the problem as a State problem and ought to be more liberal in helping the parts of the State where money is scarce and hard to get. The rural communities, where teachers have to live on starvation wages, and school authorities think the only good school is a cheap school, ought to brace up.

Governor Gardner suggests a plan in his annual message for lifting the schools at least a little higher by establishing minimum requirements for country schools which would compel them to have the equipment necessary to teach children properly. If this minimum requirement should be beyond the means of the weakest districts, then the State would grant special aid. This means that the richer parts of the State would help the poorer ones and that the poorer would be compelled to reach at least tolerable standards in the matter of equipment.

In the children's code are other suggestions for bettering the schools.

Under the law which permits short school years and allows the parents to keep their children out of school one full term in a year, the compulsory attendance law is ineffectice. It is weakened still further by the law which permits parents to plead poverty when their children are ordered to go to school, and also by the law that gives a slacker parent ten days in which to respond to a notice that his child is not attending school. The net result of these weak and half-hearted measures is that the children of ignorant and indifferent parents can be kept out of school to such an extent that they grow up without enough training to write a decent letter or read anything more difficult than a handbill.

Guenther-Hengggler.

The marriage of Miss Josephine Guenther, the youngest daughter of Mr. and Mrs. T. Guenther, living southeast of Conception, and Mr. Adelrick Henggler, of Clyde, took place at eight o'clock Tuesday morning at the Immaculate Conception church. The ceremony was performed by the Rev. Father Placid, O. S. B. The bride wore a beautiful gown of white satin with gold thread and silk maline trimmings. Her bridal veil was secured with a wreath of orange blossoms and her bouquet was a shower of brides roses and asparagus fern. Miss Marie Henggler, a sister of the bridegroom, acted as bridesmaid and her gown was one of royal blue satin embroidered in white and she carried a bouquet of sweet peas and ferns. Raymond King served as best man. Following the ceremony a reception was given at the home of the bride's parents for the relatives only. Mr. and Mrs. Henggler will make their home on the groom's farm, east of Clyde.

CUT YOUR SHOE BILLS WITH NEOLIN SOLES

"The answer to the problem of shoe wear lies in the use of Neolin Soles"—so says H. L. Evans of Steubenville, Ohio.

"For five months," says Mr. Evans, "I have been wearing the same pair of Neolin-soled shoes at my work at the La Belle Iron Works and they are good for two months more wear. As my work takes me to all parts of the mill daily where I have to walk over cinders, slag, etc., it is simply out of the question to buy anything else to take the place of Neolin Soles."

You too—and your whole family—will find Neolin-soled shoes wear long and so save money. You can get them in the styles you like at almost any good shoe store. And any repairman will re-sole your worn shoes with Neolin Soles—scientifically made to be durable, comfortable and waterproof. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

What Big Men Say

Sometimes it's just bunk—and sometimes it's the real goods, as in the remarkable series of interviews by Henry Irving Dodge, just starting in

The COUNTRY GENTLEMAN

"What have you to do with the cost of living?" Mr. Dodge asked Secretary of Interior Lane; Swift, the Chicago meat packer; Gentry, the Missouri breeder of champion Berkshire hogs; McCormick, the maker of farm implements; a big railroad president; a great Wall Street financier; and several others of like importance in our national life.

What such men say is worth dollars and cents to every one of us—farmer, banker, merchant, housewife. Yet these remarkable interviews are just one feature in a year's subscription to THE COUNTRY GENTLEMAN—52 big issues, each as hardheaded as the best farmer you know—and all for $1. Every article in every number gets right down to potatoes and pigs. If you want help with *your* problems—in the kitchen, the toolshed, the barnyard, the truck garden, the field, or in marketing your produce—you should have THE COUNTRY GENTLEMAN.

It Pays to Read Advertisements

You've often heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements—pays you. If you read advertisements consistently for any length of time you will agree that this statement is also true.

It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods "as advertised." You have a right to expect satisfaction from what you buy and you get it.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't you want to save money and time?

Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Tnen read the advertisements and patronize the stores which can serve you best.

URGES CHURCHES TO UNITE.

Mission Work Should be Under One Head, Los Angeles Paper Says.

The Methodists want to raise 115 million dollars for foreign missions. That is more than a collection—it is a regular drive, and a hard drive at that. A great many people now are urging a universal federation of the churches after the manner of the proposed League of Nations. As Hall Caine says, it would keep the faith of the world just as the League of Nations would keep the peace.

The field of foreign missions might well be under the control of the general federation and thus prevent the missionaries of what are now rival denominations from stepping on one another's feet. The creed barriers between the churches are wearing so thin as to be transparent and there is no criyng reason why two Christian denominations should be sending representatives to the same Chinese village. The world ought really to be able to get together for God without much of a quarrel, although it has thus far been impossible.—Los Angeles Times.

Making It Legal.

If a man were to give another an orange he would simply say: "I give you this orange." But when the transaction is intrusted to a lawyer to put in writing, says the Chicago News, he adopts this form: "I herewith give and convey to you, all and singular, my state and interests, right, title, claim and advantages of and in said orange, togther with all its rind, juice, pulp and pips, and all rights and advantages therein, with full power to bite, cut, suck and otherwise eat the same or give the same away with or without the rind, skin, juice, pulp or pips, anything hereinbefore or hereinafter or in any other deed or deeds, instrument or intsruments of whatever nature or kind soever to the contrary in any wise notwithstanding."

After another enforced vacation of two Sundays on account of the "flu," during which time the pastor and family, along with many others, suffered from the "pesky" disease, we will endeavor to take up active work again next Sunday. Services as follows: At 11 o'clock a. m., Pickering and at 7.30 o'clock p m at Myrtle Tree.

We are also very sorry to announce that the revival meetings which were to begin February 3rd, with the Goodale Bros., evangelists, have been indefinitely postponed on account of the flu.

MISSOURI'S NEED

FOR CONSTITUTION EVIDENCED BY MANY EFFORTS AT CHANGE

SMALL NUMBER ADOPTED

In 45 Years 86 Amendments Have Been Submitted to People, Only 23 of Which Were Adopted.

Arguments for a new Constitution for Missouri are greatly strengthened by a survey of the efforts to amend the present Constitution. During the 43 years of its existence 87 amendments have been submitted to the people, 23 of which were adopted and 63 rejected. It does not necessarily follow that every amendment that has been submitted should have been made a part of the Constitution. Undoubtedly some of those that were rejected would have worked mischief had they been adopted. But the mere fact that so large a number of amendments have been proposed seems to indicate that the present Constitution has been deemed more or less inadequate, and the further fact that only one-fourth of these proposed amendments have been adopted suggests that considerable inadequacy still exists.

Table of Amendments.

The following table shows the number of amendments that have been submitted, the number adopted and the number rejected:

Year	Amendments Submitted	Number Adopted	Number Rejected
1878	1	0	1
1880	0	0	0
1882	1	0	1
1884	2	1	1
1886	1	0	1
1888	0	0	0
1890	1	1	0
1892	1	1	0
1894	2	0	2
1896	4	0	4
1898	0	0	0
1900	7	7	0
1902	8	8	0
1904	5	0	5
1906	2	2	0
1908	8	2	6
1910	11	0	11
1912	9	0	9
1914	11	0	11
1916	3	1	2
1918	9	0	9
Totals	86	23	63

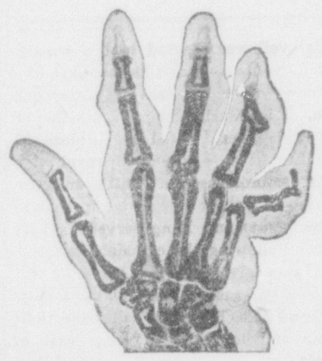
From this table it will be seen that constitutional amendments have been submitted at every biennial election since 1875, excepting at the elections of 1880, 1888 nd 1892.

It will also be seen that during the first two decades only 13 amendments were submitted, five between the years 1878 and 1888 and eight between the years 1888 and 1898. Evidently the constitution was deemed to be working satisfactorily during that time.

But durnig the next two decades 73 were submitted, 30 between the years 1898 and 1908 and 43 between 1909 and 1918. Evidently the Constitution has not been working very satisfactorily during the last 20 years. This is particularly true of the last 10 years, when the 43 amendments submitted equaled just one-half of the entire number that have been submitted since the adoption of the Constitution in 1875.

Only One Adopted.

The most striking fact revealed by this table is the rejection of all the 43 amendments submitted during the last decade excepting one. This was the amendment adopted in 1916, authorizing pensions for the blind. The regularity with which amendments have been rejected since 1908 is largely due to the fact that in that year the iniative petition method of getting amendments before the people was adopted, and since then several amendments have been submitted at every biennial election through this method. Unfortunately one of these amendments has been very offensive to the majority of the people, and in their determination to defeat this particular amendment they voted blindly against every one that was submitted. In 1910 the amendment that dragged all the other amendments down to defeat was the one on prohibition; in 1912 it was single tax, in 1914 woman's suffrage; in 1916 prohibition; in 1918 single tax. All these proposed amendments got before the people through the initiative petition. It is true that in 1918 the big issue was prohibition, which had been submitted by the Legislature, but the single tax amendment which was submitted through the initative petition, had its weight in defeating all the other amendments.



NEW TREATMENT THAT KNOCKS RHEMATISM

75c a box free to any sufferer

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatment have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

NOTICE—This sale will start promptly at 10:30, as auctioneer has sale at Maryville at 2 o'clock p. m.

Now that the prohibition issue has been removed from State politics by the adoption of the national constitutional amendment, there is less likelihood of indiscriminate voting against all amendments than heretofore. But the mere fact that 43 amendments have been proposed in the last 10 years would indicate that a revision of the Constitution by the amendment method would result in mere patchwork. The entire fabric needs revision, and that can be done only by a constitutional convention. Let us have one in 1919.
